DA

The Bureau of Prisons (BOP) is carefully monitoring the spread of the COVID-19 virus. As with any type of emergency situation, we carefully assess how to best ensure the safety of staff, inmates and the public. FCI Danbury is implementing the Bureau of Prisons' guidance on mitigating the spread of COVID-19. That guidance can be found at www.bop.gov. The current plan continues to allow for inmate transfer to pre-release custody. As they near their release, all inmates are reviewed on an individual basis to determine their eligibility for a period of pre-release confinement, including placement on home confinement. Please note with one exception for elderly offenders, home confinement eligibility is limited to 6 months or 10% of an inmate's sentence, whichever is shorter.

We are in receipt of Attorney General Barr's memo regarding Prioritization of Home Confinement as Appropriate in Response to COVID-19 Pandemic, and will be working to ensure we utilize home confinement, consistent with the memo, to protect the health and safety of BOP staff and inmates in our custody.
